

ADRIATIC

## **1st International Conference on Water Environmental Protection and Sustainable Development in Albania**

On the 23<sup>rd</sup> and the 24<sup>th</sup> of October 2020, the “1st International Conference on Water Environmental Protection and Sustainable Development WEPSD-2020” will be organised at the premises of the Academy of Sciences of Albania, Tirana. This two-day conference, organised by the Academy of Sciences of Albania with the support of the Global Environment Facility (GEF Adriatic project) will bring together a community of experts to tackle various issues related to water management, marine spatial planning and sustainable development in the Adriatic sub-region. Experts will be invited to speak on the following marine topics: marine and coastal ecosystems – their services and threats; understanding and efforts towards Good Environmental Status (GES); results of the marine surveys; and marine spatial planning. They will also have the opportunity to share their experience and the results from the GEF Adriatic project. If you are interested to participate in this conference, please get in touch with us.
