Building Areas in Spatial Plans

Spatial layers of the building areas in settlements and outside the settlements published in the PPIS as the results of processing the spatial plans data

Digital Orthophoto Maps 2011 & 1968

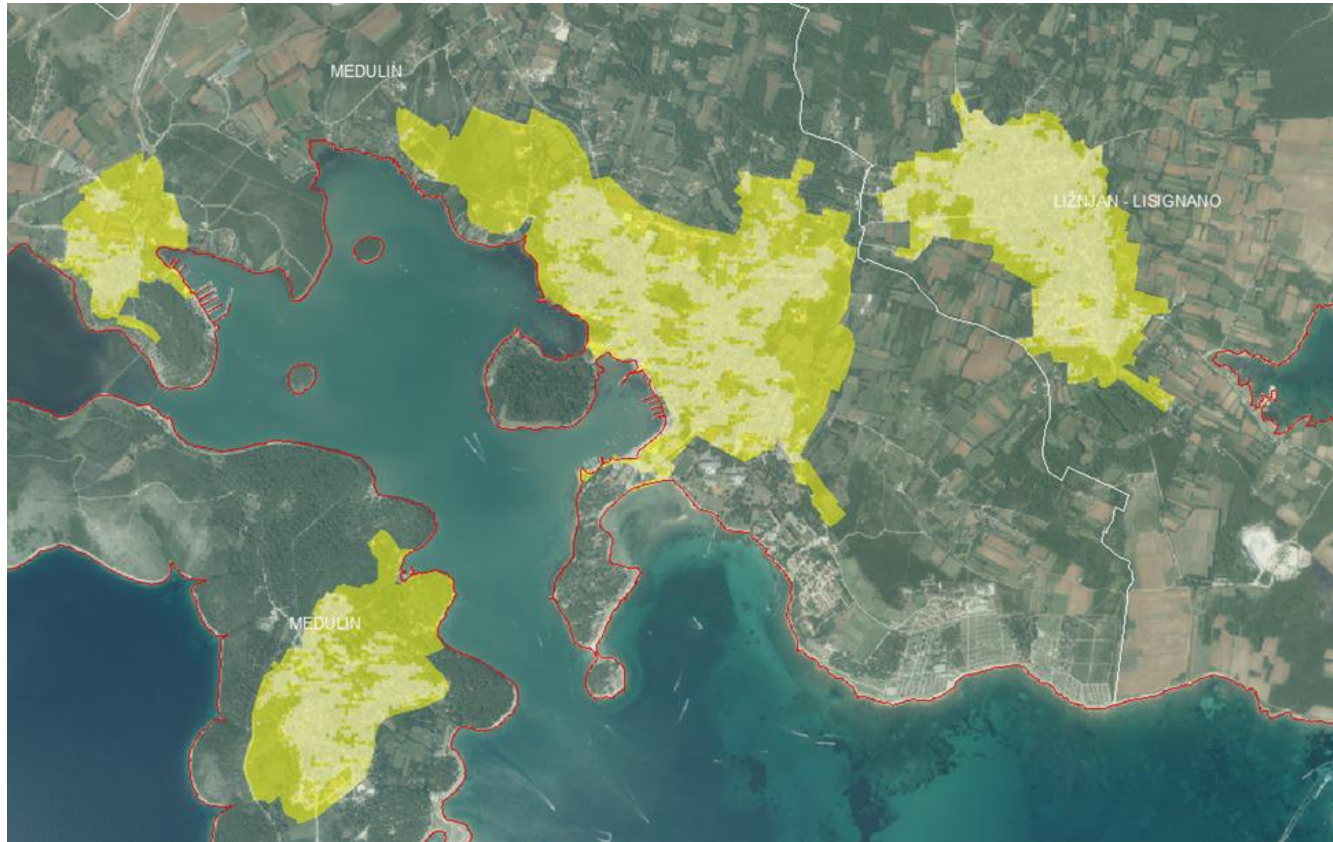

**Example:
Poreč
Istra County**

2011

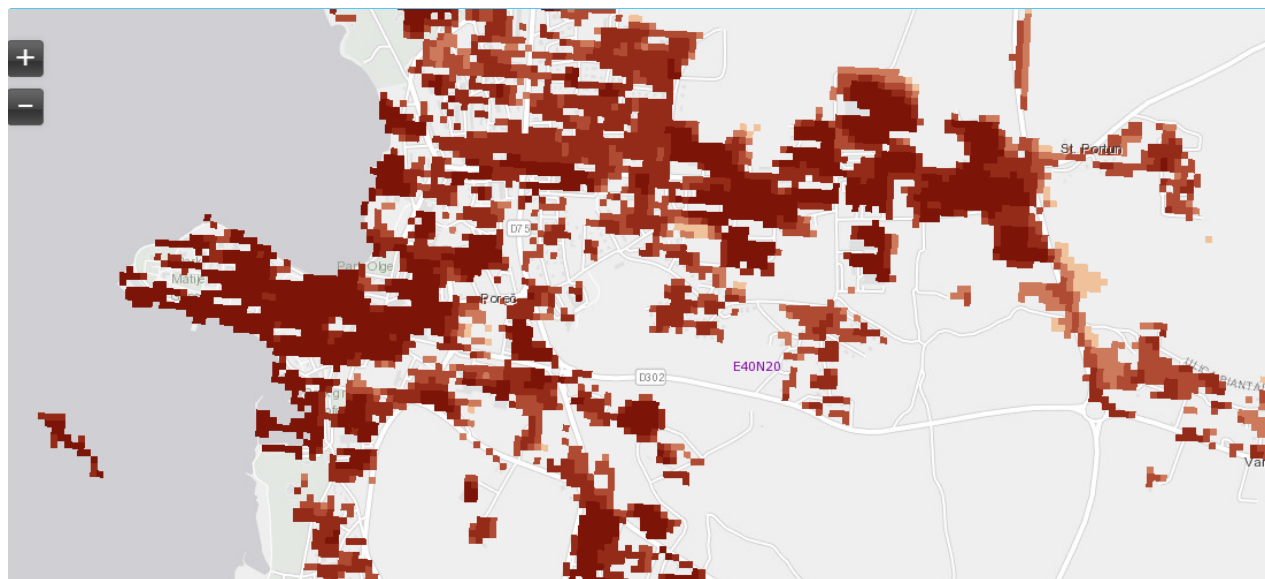

1968

Overlapping PPIS (spatial plans data) and High Resolution Layer Imperviousness

Overlapping the layers of the building areas from PPIS (yellow) with High Resolution Layer Imperviousness - built-up area (pale), on the DOF2011 State Geodetic Administration background map

High Resolution Layer Imperviousness 2015 / Orthophoto 2011

**Example:
Poreč
Istra County**
